

User Guide for EduPath Career Tools

EduPath Team

May 15, 2025

Introduction

Welcoming users to the EduPath Career Tools platform, offering resources for career development.

1 Getting Started

Starting with accessing the platform via edu.path.

1.1 Account Setup

Creating an account by navigating to the homepage and selecting "Sign Up".

1.2 Navigation

Using the navigation menu to access Home, Courses, Career Tools, About, and Contact.

2 Using Career Tools

Exploring key features for career enhancement.

2.1 Career Resource Center

Accessing guides, skill assessments, and interview tips by clicking respective buttons.

2.2 Job Matching

Filtering jobs by category and level using dropdowns, then clicking "Search Jobs".

2.3 Resume Builder

Selecting a template, entering personal details, and generating a resume with the "Generate Resume" button.

2.4 Calendar and Scheduling

Adding tasks with task name, date, and time, adjusting deadlines, and setting reminders.

2.5 Notifications

Enabling browser notifications or email reminders via the Notification Preferences section.

3 Troubleshooting

Addressing common issues like form validation errors by filling all required fields.
